OK, so I assume you will be OK to print the two copies?

Also, for the OIC, do you have the originals? Or are we just going to table the PDF? I checked with the clerk's office and they did not know if the PDF of the OIC was sufficient. Said to check with GHLO….

Thanks!!

Hi kelly,

Can you check with GHLO is they definitely need the 50 copies?

PCO says they are fine without them and if GHLO was OK then we would not have to provide them.

PCO is just tweaking the tabling statement.

Thanks!

Laura

Hi,

Is this what you are talking about?

- **Marginal note:Contents**
  (2) A declaration of a public order emergency shall specify
    - **(a)** concisely the state of affairs constituting the emergency;
    - **(b)** the special temporary measures that the Governor in Council anticipates may be necessary for dealing with the emergency; and
    - **(c)** if the effects of the emergency do not extend to the whole of Canada, the area of Canada to which the effects of the emergency extend.

Marginal note:Effective date

- **18 (1)** A declaration of a public order emergency is effective on the day on which it is issued, but a motion for confirmation of the declaration shall be laid before each House of Parliament and be considered in accordance with section 58.

Hi Laura,

We just got a request to table the orders as well. Can we revise the statement and print out those as well?

Thanks,

KM

Hi,

Is there someone in the MO that we can deliver the copies to? Would it be you? And you will deliver this to the Hill?

I am working to get you the statement a little after 200. (working with CPB to get this…)

Thanks,

Laura

I need the script asap. GHLO doesn't have the capacity to print copies. Can you do it at PS?

Hi Kelly,

We have been in discussion with PCO and it appears that our Minister will be tabling the motion on the Emergencies Act.

We assume that this will be done front door.

We will be getting the three documents from PCO: Consultations with the provinces, reasons for invoking and the motion itself.

We will also be drafting a tabling statement for the Minister.

Would you be able to check with GHLO if they would be able to print the 50 required copies in English and French of the 3 documents? (they are short documents)

We are also trying to figure out something for the printing on our end, but, if this does happen today we would not be able to (an also you would have to get the materials to the Hill).

They are talking about tabling this after QP today… in two and a half hours…

Is there anything else you need from us?

I can send the documents to the Journals.

Thanks,

laura
